Supplemental Statement of Facts to Support
Petition Under 37 CFR §1.47(a)

Sir:

I, Katriina Rönönen, am an authorized representative of Nokia Corporation.

On May 2nd, 2006 a letter (Exhibit A) was sent by the undersigned to the non-signing inventor, Flemming Abildgaard, at his last known address. No reply was received to that letter. Based upon information and belief, the non-signing inventor, Flemming Abildgaard, in the above-identified patent application cannot be found or reached after a diligent effort or refuses to execute the application papers for the above-identified patent application. Therefore, application for patent in the above-

identified patent application is being made on behalf of Nokia Corporation, the owner of the inventor's former employer.

Based upon information and belief, the last know address of the inventor is: Flemming Abildgraad, Klostervej 7, 2.floor, 3.door, DK-5000 Odense, Denmark.

Based upon information and belief, the invention was made by the inventor while employed by Nokia Corporation or its subsidiary.

Based on information and belief, the relevant provisions of European law give entitlement of the invention to Nokia Corporation of Espoo, Finland.

Based upon information and belief, the present application was filed as an international application designating the U.S. as a designated state on 18 November 2003, and application papers to enter the national stage of the application in the United States were filed with the USPTO on 17 May 2006.

Unless this application for patent without the non-signing inventor's oath is accepted, the above-identified application will go abandoned.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the

United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
